

# Help shape the future of the Central Manufacturing District

In July 2022, the Department of Planning and Development (DPD) issued a Request for Proposals (RFP) for 1769 W. Pershing Road. In response we received five proposals, three of which were short-listed. Join us for a presentation to learn more about these proposals, ask questions, and provide feedback. Comments will be incorporated into the City's evaluation process.

**Help us ensure that the selected proposal achieves the goals of prior neighborhood plans for McKinley Park and the Central Manufacturing District.**

## Be part of the conversation:

### Teams will present how their proposals:

- Incorporate minority-owned development, design, and community partners
- Provide local jobs
- Support local business development
- Respond to neighborhood needs and priorities
- Showcase high-quality design
- Meet financial requirements for project completion

## RFP Responses
