**We are designing the future of 35th Street, and we need your help!**

## **What we are doing:**

- We are holding 2 community meetings for residents of McKinley Park to tell us what a renewed 35th Street should offer - What kinds of businesses? Housing? Public spaces? Transportation?
- Each event is different - join for one or both!
- We want everyone to be heard! Interpretation available in English, Spanish, Mandarin, and Cantonese.
- Activities for children will be available.

## **Who we are:**

- The McKinley Park Development Council (MPDC), Bridgeport Alliance, Coalition for a Better Chinese American Community (CBCAC), UIC College of Urban Planning and Policy (CUPPA), Institute for Policy and Civic Engagement (IPCE), and Design Workshop are working together to bring you this community-led urban design process.
